HELP WANTED!!!

Publicity Coordinator - Bev Allen of Los Osos, our very able writer of press releases, is moving on to new ventures. All news items about SWAP that you have seen in the papers over the past year have come from her busy computer. Thank you Bev for giving us your time and talents. Good luck with your new project. We need someone to replace Bev to write and distribute press releases for our quarterly general meetings and special events. If you have have time and interest but no experience, we can train you.

Art Coordinator - to locate display sites for our "Artists in the Elfin Forest" show and to oversee installation and removal of the show. No art skills needed except the ability to "eyeball" (hang a picture straight) and hammer.

Membership Coordinator - to think up ways to reach out to the community for new SWAP supporters and to put these ideas into motion.

Historian - to gather articles and SWAP memorabilia into a scrapbook.

Interested persons please contact Yolanda Waddell,
528-4540 or Pat Grimes, 528,3035.

Art Exhibit At Baywood Inn. "Artists in the Elfin Forest," SWAP's travelling art show, has returned to Los Osos from a month's stay at the South County Regional Library in Arroyo Grande. It is now on view at the Baywood Inn Restaurant at Tenth Street and Santa Ynez in Los Osos until July 15th. Brendan Gilbride, owner of the Baywood Inn, has generously given us all the walls in the restaurant for display and our exhibit just fits! If you haven't yet seen the exhibit, stop in for a cup of coffee or Sunday Brunch.

Plant Inventory Katherine Bay, a graduate student in Botany at Cal Poly, has begun a complete inventory of the plants in the Elfin Forest addition to Morro Bay State Park. She estimates that it will take about 2 years working under the supervision to Dr. David Keil, Cal Poly Professor and SWAP advisor, to complete the inventory.

Here Comes the Vote! Thousands of conservationists around California worked to get the singatures necessary to get Proposition 70, the Wildlife Coastal and Parkland Conservation Act, on the ballot for the June 7th. Primary Election. Don't forget to go to the polls and vote for this proposition.

Montana de Oro Trash PickUp. Docents from the Morro Bay Natural History Museum are asking you to join them June 9th. for a trash pick up at Montana de Oro. Interested persons should meet at 1 p.m. at the intersection of Pecho Road and Army Road.
